Senior Sophister placements may be repeated after the summer examinations, although supplemental examinations are not permitted in the Senior Sophister year. These requirements regarding professional practice form part of the Bachelor in Social Studies with honors. Students who do not reach the required standard in social work practice will not be eligible for the award of either the B.S.S. degree with honors or the professional social work qualification.

Degrees

61 Students who have passed the Junior Sophister examination may have the ordinary degree of B.A. conferred, if they do not choose, or are not allowed, to proceed to the Senior Sophister year. Except by permission of the University Council, on the recommendation of the court of examiners, the ordinary degree of B.A. may be conferred only on candidates who have spent at least three years in the University. If, however, they wish to graduate with honors, and are permitted to do so, they may enter the Senior Sophister year and proceed to the degree of Bachelor in Social Studies with honors or to moderatorship. Successful candidates at the degree examinations are placed in order of merit within three classes: first class honors, second class honors (with two divisions, first and second), and third class honors.

DEGREE OF BACHELOR IN EDUCATION (B.ED.)

62 The degree of Bachelor in Education (B.Ed.) is a professional degree which is intended to provide for the academic and professional requirements of primary school teachers. It is taught jointly by the University's School of Education and three associated Colleges of Education — the Church of Ireland College of Education, Rathmines, the Froebel College of Education, Sion Hill, Blackrock, and Coláiste Mhuire, Marino. Students register both with a College of Education of their choice and with the University of Dublin, Trinity College and have full access to the facilities of the University. They attend certain courses within their chosen College of Education and attend further courses, in common with students from the other Colleges of Education, within the University's School of Education.

63 The degree is an integrated course of study designed to equip student-teachers with the range of knowledge and skills related to the profession of primary school teaching and its curriculum. Accordingly, throughout the degree, considerable emphasis is placed on the study of foundation subjects in education, the Irish and English languages, language development and mathematics, with complementary work in areas such as arts education, religious education, physical education, social, personal and health education (SPHE), information communication technology (ICT), social, environmental and scientific education (SESE), inclusive education and early childhood education. School experience is regarded as central to the B.Ed. degree programme and consequently contains a significant period of school-based practice which is designed to give students an opportunity to develop their practical skills of observation and teaching. An ordinary degree of B.Ed. is awarded at the end of three years. Suitably qualified students may wish to register for a fourth year of university work. In the Senior Sophister year students study wholly within the University's School of Education. Graduates of these courses are recognised by the Department of Education and Science as trained teachers in accordance with Rule 157 of the Rules of National Schools.

Admission

64 Applications for admission from E.U. applicants to the course for this degree should be made to the Central Applications Office (C.A.O.), Tower House, Eglinton Street, Galway. Applicants are referred to the C.A.O. handbook for details of application dates and procedures. Applications for

P22 Calendar 2007-08

admission from non-E.U. applicants should be made to the Office of International Student Affairs, Trinity College, Dublin 2 by 1 February of year of proposed entry.

Candidates for admission must satisfy the general requirements for admission to the University and will normally be required to have at least a higher level grade C3 in Irish. Candidates must also satisfy the academic requirements of the Department of Education and Science for entrance to the course.

Fees

65 See COLLEGE CHARGES.

Academic progress and examinations

66 To rise with their class, students must (a) attend satisfactorily the lectures given in the subjects of their course each term as required by the University Council and the school committee, (b) perform the prescribed exercises (essay, tutorial or practical work), and (c) pass, in accordance with the course regulations, the prescribed examinations.

The evaluation of work for the degree involves a combination of continuous assessment and final examinations. In order to advance with their class students must satisfactorily complete the assignments of the year and must pass the required examinations. Students should note that full attendance is required at all lectures and tutorials. The annual examinations are held in May/June. Candidates who are unsuccessful at the annual examinations may be granted a supplemental examination.

Candidates successful at their annual examinations at the end of the Junior Sophister year may be conferred with a B.Ed. (ordinary) degree. This is an unclassified degree. Candidates who are being conferred with this degree will be placed in alphabetical order within distinction or pass according to the grade awarded.

Upon successful completion of the Junior Sophister year students may proceed to the Senior Sophister year. Candidates successful at the B.Ed. (honors) examinations are placed in three classes according to merit, first class honors, second class honors (with two divisions, first and second), and third class honors. Upon successful completion of the Senior Sophister year students who have already been conferred with a B.Ed. (ordinary) degree receive an honors certificate. Those who have not previously been conferred with a B.Ed. (ordinary) degree may be conferred with a B.Ed. (honors) degree. At the Senior Sophister (honors) examination gold medals are awarded by the Board to candidates of the first class who have shown exceptional merit.

Due to the structure of the B.Ed. degree, co-taught in four different academic institutions, ECTS credits are distributed slightly differently from institution to institution. The average for each year in each College is 65 credits. In the Senior Sophister year, taught entirely in the University, 60 credits are awarded.

DEGREE OF BACHELOR IN LAWS (LL.B.)

Subjects of study

78 The honor course in law normally requires four years of study. In the Junior and Senior Freshman years undergraduates study the common law and European Union law. In the Junior and Senior Sophister years they have a wide choice of subjects. In the Senior Sophister year, students are given the choice, as part of their studies, of engaging in a substantial piece of independent research. The degree programme is specifically designed to enable students to participate in the ERASMUS programme (and other similar international exchange arrangements to which the Law School is a signatory). Special arrangements may be made in respect of these students. The ERASMUS programme involves study for one academic year at another European university outside the State. The student's academic performance at that university counts towards a significant portion of his or her overall degree.

This degree does not entitle a person to practise law as a barrister or solicitor. Information about this should be obtained from the appropriate professional body. A student who seeks a professional qualification as a barrister should therefore consult *either* the Under-Treasurer, King's Inns, Henrietta Street, Dublin 1, *or* the Under-Treasurer, The Inn of Court of Northern Ireland, Royal Courts of Justice, Belfast BT1 3JF, *or* the Secretary, The Council of Legal Education, Gray's Inn Place, London WC1R 5DX. A student who seeks a professional qualification as a solicitor should consult *either* the Director General, The Law Society of Ireland, Blackhall Place, Dublin 7, *or* the Secretary, The Law Society of Northern Ireland, Law Society House, 90-106 Victoria Street, Belfast BT1 3JZ, *or* the Secretary, The Law Society, Chancery Lane, London WC2A 1PL.

The ECTS equivalent for each of the four years of the course is 60 credits.

Junior Sophisters

Students must choose four of the options 1-26 set out under Senior Sophisters or three such options together with a course offered under the Broad Curriculum other than one offered by the Law School, and either a research paper approved by the head of the school or his/her nominee, or a modified Sophister option taken from a list of modified options approved for this purpose by the Law School Committee. Students must inform the head of the school of their choice before the last day of teaching in Trinity term. The choice should be made after consultation with the head of the school and their tutor. Students may change their options already approved, provided they obtain the head of the school's approval before the end of the second week of teaching in Michaelmas term. Students are reminded that the professional bodies insist on certain subjects being studied at University. The Law School Committee reserves the right to fix a quota for any particular option, or to withdraw an option, or, in a particular academic year, to decline to offer an option or to introduce an additional option.

Senior Sophisters

The Senior Sophister year is designed to develop students' critical faculties and to deepen their understanding of law as an intellectual discipline. Senior Sophister students select one of the following two courses of study:

(1) Four options

Students must choose four of the options 1-26 set out below or three such options together with a course offered under the Broad Curriculum other than one offered by the Law School taken together with either a research paper approved by the head of the school or his/her nominee, or a modified Sophister option taken from a list of modified options approved for this purpose by the Law School Committee. Students may not take any option or Broad Curriculum course already taken in the Junior Sophister year. A student's choice of these options is subject to the same rules as in the Junior Sophister year. Options 1-26 are as follows:

1 Commercial law

2 Company and partnership law

3 Conflict of laws (private international law)

4 Criminology and penology

5 Environmental law

6 Equity

do the research dissertation in the Senior Sophister year may not take a Broad Curriculum course in that year. Otherwise a student's choice of these options is subject to the same rules as in the Junior Sophister year. In addition, the student must write a research dissertation on a specific area of law. The subject matter of the research dissertation is to be chosen by the student and is subject to the approval of the head of the school or his/her nominee. Students should seek to have completed their choice of subject matter of the research dissertation before the end of the second week of teaching in the Michaelmas term of the Senior Sophister year.

Detailed instructions for students relating to the research dissertation are published on the Law School website; students are required to abide by them.

Academic progress

80 To rise with their class, students must (a) attend satisfactorily the lectures given in the subjects of their course each term as required by the University Council and the school committee, (b) perform the prescribed exercises (essay, tutorial or practical work), and (c) pass, in accordance with the regulations of the school, the prescribed examinations.

Examinations

81 Single honor examinations are held during the weeks following the end of teaching in Trinity term, except where an indication to the contrary is given. Supplemental examinations will be held in the Freshman and Junior Sophister years in the succeeding Michaelmas term. Successful candidates at honor examinations are placed in three classes according to merit, first class honors, second class honors (with two divisions, first and second), and third class honors.

Junior and Senior Freshman

82 For Junior Freshmen, honor examinations are held in Trinity and Michaelmas terms. In order to rise with their class, students must obtain at least a third class honor at one of these examinations.

For Senior Freshmen, an honor examination is held in Trinity term. A supplemental examination may be held in Michaelmas term. To rise with their class, students must obtain at least a third class honor at their examination.

At each honor examination in each of the Freshman years, there is one 3-hour paper in each of the four subjects studied in that year. Each paper carries equal weight. However, where the consent of the court of examiners has been obtained, marks in the annual examination in any subject may also be awarded in respect of class work.

Junior and Senior Sophister

83 The LL.B. degree examination is held in Trinity term of the Junior Sophister year (part I), and in Trinity term of the Senior Sophister year (part II). A supplemental examination for Junior Sophisters only may be held in Michaelmas term. Each part contains one 3-hour paper in each of the options studied in that year, though where the prior consent of the court of examiners has been obtained, marks in the annual examination in any option may also be awarded in respect of class work. Each option in each part carries equal weight (except that where a student chooses a Broad Curriculum course, that is equivalent to one-third of an option. Thus a Broad Curriculum course taken together with either a research paper approved by the head of the school or his/her nominee, or a modified Sophister option taken from a list of modified options approved for this purpose by the Law School Committee shall, combined, have the weight of one full option). Where a Senior Sophister student engages in the course of study involving three options and a research dissertation, each of the options and the research dissertation carry equal weight. A student choosing to do the research dissertation in the Senior Sophister year may not take a Broad Curriculum course in that year. However, where the consent of the court of examiners has been obtained, marks in the annual examination in any subject may also be awarded in respect of class work.

Students who have passed the Junior Sophister examinations may have the ordinary degree of B.A. conferred if they do not choose to proceed to the Senior Sophister year. Except by special permission of the University Council, on the recommendation of the court of examiners, the ordinary degree of B.A. may be conferred only on candidates who have spent at least three years in the University.

Two copies of the research dissertation, typewritten on one side of the paper only, must be handed to the secretary of the Law School on or by the first Monday of Trinity teaching term as specified in the published almanack of the University. When that Monday falls on a bank holiday, submissions are accepted on the following day. In addition, students must sign and date the registration book provided. A *viva voce* examination may be required by the examiner(s).

Special arrangements may be made in respect of students participating in the ERASMUS programme or other similar international exchange arrangements to which the Law School is a signatory.

DEGREE OF BACHELOR IN LAWS AND GERMAN (LL.B. (Ling. Germ.))

84 The honor course in law and German requires four years of study. In the Junior and Senior Freshman years, undergraduates study aspects of the Irish and German legal systems, together with aspects of the common law and civil law systems, generally. In addition, they study German language and culture. The Junior Sophister year is spent abroad, studying legal or related subjects in a German speaking university. 35 per cent of final degree marks will be awarded on the basis of grades obtained during this year. In their final year, students will be required to study four optional subjects from law and Germanic studies, and to continue with their language instruction.

This degree does not entitle a person to practise law as a barrister or solicitor. Information about this should be obtained from the appropriate professional body. A student who seeks a professional qualification as a barrister should therefore consult *either* the Under-Treasurer, King's Inns, Henrietta Street, Dublin 1, *or* the Under-Treasurer, The Inn of Court of Northern Ireland, Royal Courts of Justice, Belfast BT1 3JF, *or* the Secretary, The Council of Legal Education, Gray's Inn Place, London WC1R 5DX. A student who seeks a professional qualification as a solicitor should consult *either* the Director General, The Law Society of Ireland, Blackhall Place, Dublin 7, *or* the Secretary, The Law Society of Northern Ireland, Law Society House, 90-106 Victoria Street, Belfast BT1 3JZ, *or* the Secretary, The Law Society, Chancery Lane, London WC2A 1PL.

Single honor examinations are held during the weeks following the end of teaching in Trinity term, except where an indication to the contrary is given. Supplemental examinations will be held in the Freshman years in the succeeding Michaelmas term. Supplemental examinations will be held in the Junior Sophister year subject to the discretion of the court of examiners.

To rise with their class, students must (a) attend satisfactorily the lectures given in the subjects of their course each term as required by the University Council and the school committee, (b) perform the prescribed exercises (essay, tutorial or practical work), and (c) pass, in accordance with the regulations of the school, the prescribed examinations.

Students who, at the end of the Junior Freshman year, have failed the language component of the course may, on the recommendation of the court of examiners, be permitted to transfer to the single honors LL.B. course without loss of year if they have passed the law examination. Students so transferred will be required to undertake a modified Senior Freshman LL.B. course in which criminal law will replace constitutional law II. Constitutional law II must be studied by such students in either of the Sophister years.

A student who has successfully passed the Junior Freshman year in law and German may apply to transfer to the single honors LL.B. course without loss of year but will be required to take a modified Senior Freshman LL.B. course in which criminal law will replace constitutional law II. Constitutional law II must be studied by such students in either of the Sophister years.

A student who has successfully passed the Senior Freshman year in law and German may apply to

transfer to the Junior Sophister year of the single honors LL.B. course but will be required to take European Union law and constitutional law II in either of the Sophister years.

A student who has successfully passed the Junior Freshman year in the single honors LL.B. course may apply to transfer to the Senior Freshman year of law and German provided that the student satisfies the law and German course entry requirements and satisfies the Head of the Department of Germanic Studies as to competence in the German language. Students so transferred will be required to take the Junior Freshman course in area studies and German constitutional law in lieu of criminal law.

Students who have passed the Junior Sophister examinations may have the ordinary degree of B.A. conferred if they do not choose to proceed to the Senior Sophister year. Except by special permission of the University Council, on the recommendation of the court of examiners, the ordinary degree of B.A. may be conferred only on candidates who have spent at least three years in the University.

Successful candidates at honor examinations are placed in three classes according to merit, first class honors, second class honors (with two divisions, first and second), and third class honors.

Students so transferred will be required to take the Junior Freshman course in French constitutional law in lieu of criminal law.

Students who have passed the Junior Sophister examinations may have the ordinary degree of B.A. conferred if they do not choose to proceed to the Senior Sophister year. Except by special permission of the University Council, on the recommendation of the court of examiners, the ordinary degree of B.A. may be conferred only on candidates who have spent at least three years in the University.

MODERATORSHIP IN PSYCHOLOGY32

91 The undergraduate course is designed to provide a wide knowledge of the concepts, principles, theories and research methods of contemporary psychology; to develop skills of analysis and synthesis, research design, statistical description and evaluation, problem solving and computer-use and to provide practice in the design, execution, reporting and assessment of research.

The Freshman years of the course provide a broad foundation on which more advanced course work is built in the Sophister years. In the Junior Sophister year, students engage in a group project which explores applications of psychology in the community and develops the ability to work in a team. In the Senior Sophister year, each student undertakes an independent research project, the report of which constitutes a significant proportion of the final assessment.

This preparation is designed to cultivate a high level of competence in scholarship and research, enabling the successful graduate to proceed directly to advanced postgraduate work and professional training

The single honor degree currently confers eligibility for graduate membership of the Psychological Society of Ireland.

For professional work in psychology it is usually necessary to proceed to a higher degree by research or course work in the speciality of one's choice. The School of Psychology at present offers postgraduate courses in applied psychology, in counselling psychology and in clinical psychology and the M.Sc. and Ph.D. degrees can be taken through research. There is also a new Higher Diploma in Psychology (H.Dip.Psych.) which is a pre-professional qualification in psychology that allows students to proceed to postgraduate training, including higher degrees by research, and to specialise in any area of professional psychology. See PART 2 OF THE CALENDAR — GRADUATE STUDIES AND HIGHER DEGREES.

The ECTS equivalent for each year of the course is 60 credits.

Academic progress and examinations

93 Single honor examinations are held during the weeks following the end of teaching in Trinity

³³Over the two Sophister years, students must take at least one course from each required area (biological, developmental, personality and individual differences, cognitive, social). Courses taken in Junior Sophister year may not be taken in Senior Sophister year. See course handbook for details.

³⁴In the academic year 2007-08, Senior Sophister students will be required to take four of these courses and in addition, will not be required to attend the advanced academic skills tutorials.

term, except where advised in the course handbook. Supplemental examinations will be held in the Freshman years in the succeeding Michaelmas term.

The examination for the degree of B.A. with honors is called the moderatorship examination and is divided into two parts, a Junior Sophister honor examination counting as the first part and a Senior Sophister examination counting as the second part. Each part of the moderatorship examination is held on only one occasion annually. There are no supplemental examinations. Students unavoidably absent from either part of the moderatorship examination may apply to the Senior Lecturer to present themselves for the part from which they were absent in the following year. Students given such permission by the Senior Lecturer, where they are not required to repeat the year, must give notice at least three weeks before the end of Hilary teaching term. Junior Sophister students who are unavoidably absent from part I of the moderatorship examination may not rise with their year.

In special circumstances students who have completed an honor course may, with the approval of their school committee, be permitted by the Senior Lecturer to defer their moderatorship examination for one year.

Successful candidates at honor and moderatorship examinations are placed in three classes according to merit, first class honors, second class honors (with two divisions, first and second), and third class honors.

Students who have passed the Junior Sophister examinations may have the ordinary degree of B.A. conferred if they do not choose to proceed to the Senior Sophister year. Except by special permission of the University Council, on the recommendation of the court of examiners, the ordinary degree of B.A. may be conferred only on candidates who have spent at least three years in the University.

Students who have failed to obtain a moderatorship in the moderatorship part II examination may be awarded the ordinary degree of B.A.

Moderators in one subject may be permitted, on conditions laid down by the Senior Lecturer and the relevant school or course committee, to present themselves for a moderatorship in another subject

Students who have failed to obtain a moderatorship in the moderatorship part II examination but have been allowed the B.A. degree may be permitted to present themselves for a moderatorship in a different subject, on conditions laid down by the Senior Lecturer and the relevant school or course committee.

To rise with their year, students are required to attend tutorials, seminars and practical classes as required by the University Council and the school committee. They must submit satisfactory practical reports whenever required. Marks from practical work will be taken into account in the annual assessment of students' progress. Students must also satisfactorily complete any exercises set in conjunction with particular courses and pass, in accordance with the regulations of the school, the prescribed examinations.
