

# Business Studies and Russian/Polish

## Module Previews (2024-25)

**Programme:** This programme allows students to combine the study of business-related subjects with a language.

**Russian course content:** In all years the Department provides intensive study of the Russian language, Russian society and institutions. In their final year students write a case study in Russian/Polish on a Russian/Polish company.

**Residence in Russia:** BSL (Russian) students spend their third year on an approved course in the School of Management, St Petersburg University. BSL (Polish) students spend their third year on an approved course in a Polish School of Business.

All students are required to do a two-month job placement in Russia/Poland before entering the final year.
