BURKITT MEDAL

Established in 2013, the Burkitt Medal is designed to recognise people with the integrity, compassion and dedication matching that of Denis Burkitt, a Trinity graduate, who is known for his discovery of Burkitt lymphoma.

The Burkitt Medal represents an opportunity for Trinity to acknowledge outstanding achievements of practitioners and researchers in cancer, preferably connected with Trinity or with a potential to establish closer links. It is also a channel for raising profile of the quality work conducted by Trinity academics and of Trinity's rich heritage.

Award recipient 2022:

O'Reilly, Eileen, M.B.

TRINITY EXCELLENCE IN TEACHING AWARDS

The [Trinity Excellence in Teaching Awards](#) are designed to recognise and celebrate those who have made an outstanding contribution in the pursuit of teaching excellence. 'Teaching' can be interpreted broadly to include curriculum design, delivery and evaluation, and 'teaching excellence' can take many forms. In the context of this award, 'teaching excellence' can be defined as achieving and sustaining outstanding quality of teaching and positive educational impact through the effective use of pedagogies that engage and enhance student learning. The prestige of the award reflects the value which Trinity places on promoting teaching as a scholarly activity and the importance placed on enriching the learning opportunities of its students. The Trinity Excellence in Teaching Award is a competitive process, with up to five awards made each year.

The scope of the initiative is broad, covering all aspects of teaching, learning and assessment, and seeks to:

- provide recognition for outstanding teaching
- share best practice across College and encourage teaching staff to consider other approaches to course design, delivery and assessment
- reaffirm that curriculum development, teaching, learning, assessment and evaluation, are important activities in College requiring high level expertise
- encourage teaching staff to reflect critically on their teaching practice

All members of Trinity academic staff, or academic-related professionals with roles in supporting teaching and learning, are eligible for nomination by students, alumni and staff. Candidates must receive a student or alumni nomination to be deemed eligible to proceed and must also be on one of the following contracts: permanent contracts, indefinite duration contracts, contracts of more than one year in duration that do not expire before 31 August in the year of submission, or adjunct lecturers with a contribution to a programme that extends thirteen months or more. Eligible nominated candidates will be contacted and invited to submit an application for the award process.
