(ex officio) Secretary, Treasurer, Assistant Secretary.

(by invitation) Senior Dean (for Minute 3/53), Director of Buildings (for Minute 3/43).

Present for: * 3/35 ** 3/35-3/56

3/35 Strategic Plan The Provost, introducing the discussion, advised Board that the preparation of the Strategic Plan was well advanced and that it was hoped to have a full draft ready for consultation by the College community by the middle of December following consultations with Board and Council. The Provost invited Board's attention to the main elements of the draft plan which had been circulated, drawing particular attention to the proposed actions to achieve the following strategic goals:

- to provide education of the highest quality
- to be an internationally renowned research university
- to be a leader in society
- to create a strong College community
- to ensure good governance and stewardship of resources
- to develop an infrastructure to ensure the achievement of the College's goals

In the discussion of the draft plan a number of issues were highlighted by Board members including:

- (a) The need to include contribution to the cultural life and language of the country as one of the College's aims
- (b) The role of research at undergraduate level
- (c) The difficulties associated with implementing all aspects of the Board Curriculum and the varying levels of acceptance of the principles underlying the initiative, noting particular difficulties in relation to the Two Subject Moderatorship programme
- (d) The value to students of non-curricular activities in acquiring life-skills
- (e) The need for flexibility in re-allocating resources between academic programmes
- (f) The value of e-learning to support rather than substitute for the College's educational activities
- (g) The importance of the individual researcher in contributing to the College's overall research activities
- (h) The need to improve linkages with local communities
- (i) The importance of developing a Student Centre

- (j) The value of incorporating as members of the College community staff of other institutions with which the College has strong associations
- (k) The need for a review of the College's governance structures

The Provost advised Board that a further draft of the plan would be presented to Board before the end of Michaelmas Term, noting that it would conclude with a chapter on implementation which would include specific actions and their cost as well as performance indicators and targets. The Board noted that following the next Board discussion, the draft plan would be placed on the College's internal web site for consultation with staff.

3/36 Minutes

- (a) The Minutes of the meeting of 25 September 2002 were approved and signed subject to the following amendments:

1/4 Personnel and Appointments Committee Replace the word 'current' with the word 'currently' on line 2.

1/8 Capital Projects – (a) North East Corner Insert the following numbered point into the third paragraph on page 4 and re-number the subsequent points on the list: *(ii) the loss of an opportunity to provide up-graded office accommodation for staff in the Department of Computer Science;*

- (b) The Minutes of the meeting of 9 October 2002 were approved and signed subject to the following amendments:

2/32 Contractual arrangements for IITAC Building
Replace point (g) on page 2 with '*avoidance of the water table may necessitate a 400mm reduction in the height of the proposed lecture theatre*'

Insert the following clause after 'The Board' in the final paragraph '*noting that final decisions in relation to the design of the building would be the responsibility of the building's planning committee,*'

3/37 Matters Arising from the Minutes A number of matters arising from the Minutes were discussed and have been recorded below, (see Minutes 3/38, 3/39, 3/40, 3/41).

3/38 Student Case (see Minute 1/12 of 25 September 2002) The Board noted the Senior Lecturer's clarification of the circumstances under which the *Calendar* regulation W1 had been waived in the case of the student concerned.

3/39 Nominating Committees – Internal Auditor (see Minute 1/31 of 25 September 2002) The Board agreed that the Provost would nominate additional members to the Nominating Committee for the post of Internal Auditor so as to encompass a wider cross-section of the College community.

3/40 Dunlop Oriel House (see Minute 2/33 of 9 October 2002) The Board agreed that if the conditions for the purchase of Dunlop Oriel House from the Dublin Dental Hospital differed from those previously agreed by the Board (see Minute 11/252 of 15 May 2002) it would re-consider the terms of the purchase.

Incorporating any amendments approved at subsequent Board meetings

3/41 Pearse Street Competition (see Minute 2/34 of 9 October 2002) In response to a query from Mr Connolly the Bursar undertook to report on the status of the model of the winning design at the next meeting.

3/42 Provost's Report

(a) **Conference of Heads of Irish Universities** The Provost invited Board's attention to the following issues which were discussed at the most recent meeting of the Conference of Heads of Irish Universities (CHIU) which had been held on 14 October 2002 in the University of Limerick.

- (i) *Benchmarking report:* CHIU is preparing a report to address the unsatisfactory recommendations in regard to the remuneration of university lecturers compared to lecturers in other third level institutions in the report of the benchmarking body.
- (ii) *Bologna agreement:* The CHIU Registrars' Group, of which the Senior Lecturer is a member, is preparing a response to the Bologna process in readiness for its implementation.
- (iii) *International students:* A representative from the Chinese Embassy in Ireland had invited the attention of those present at the CHIU meeting to the opportunities for increased interaction at university level between China and Ireland. It was noted that a number of issues need to be taken into account in regard to this matter.
- (iv) *Common science degree for health sciences students:* CHIU had discussed the implications of the proposed common science degree as the principal means of entry onto medical, veterinary and other related degree courses, the introduction of which had been included in the current programme for government.

(b) **Financial Situation** The Provost advised Board that it is anticipated that the Government's allocation of funds to the university sector in 2003 will be significantly less in real terms than the amounts received in recent years, noting that while the Government's estimates of expenditure will be published in December 2002, the College's 2003 recurrent grant will not be known for some time. The Provost invited Board's attention to a proposal that, in order to prepare the way for the expected tight budgetary situation in 2003 and to address financial problems arising from current year issues, the Board should consider reducing non-pay budgets for the coming year. Following a discussion of the proposal in which the need to maintain funds for the capitated bodies at their current levels was emphasised, the Board agreed that there will be a 5% reduction in all non-pay budgets, excluding allocations to the Capitation Committee, for the year 2002/2003, to be implemented with immediate effect.

The Bursar advised Board that the Financial Review Advisory Group which was established by the Provost and of which he is Chairperson, comprises Professor D Weaire, Professor J Fitzpatrick, Professor J Scattergood, the Academic Secretary and Mr T O'Higgins, an external expert, noting that the secretariat will be provided by the Treasurer's office. The Board noted that the Group will prepare options to address the expected future financial difficulties which will be considered by Board in due course.

(c) **College's Pension Fund** The Secretary advised Board of the decision of the Trustees of the College's Pension Fund that, in view of (i) the current pressure on the College's pension fund arising from the recent poor performance of investment markets world-wide and (ii) the responsibility on the Trustees to adopt a prudent course of action in

Incorporating any amendments approved at subsequent Board meetings

the management of the fund, the Pension Fund will not be in a position to fund early retirements with full benefits until further notice and that this may be the situation for at least one year. The Secretary, advising Board that this decision has immediate effect, noted that those members of staff whose early retirement had already been approved will not be affected by this decision, further noting however, that funding will be a matter of review in each case. The Board noted that this decision will be kept under constant review by the Trustees and will be reconsidered as soon as the investment markets improve.

- 3/43 Property Acquisition** The Director of Buildings, present by invitation, invited Board's attention to a proposed commercial arrangement for 1-5 College Green and Foster Place on which there had been a long and detailed discussion at the Site and Facilities Committee at its meeting on 15 October 2002, the minutes of which had been circulated.

The Board noted that the overall scheme would involve a commercial agreement with Treasury Holdings Ltd. for the upper floors in 3/4 College Green and the provision of an opening from the main Banking Hall in 3/4 Foster Place. The Board noted that in phase 1, the first upper level of 3/4 College Green would be used to replace the facilities lost on the ground floors and basement, yielding an additional 750 m² of space on the top floors with connectivity options to adjoining buildings, further noting that there is also planning permission for another (sixth) floor on 3/4 College Green which would add a further 200 m² of space at normal construction costs if required. The Director of Buildings advised Board that the estimated net cost to College for the implementation of the proposal is estimated at €1.7million, not including any costs associated with the additional sixth floor.

In discussing the proposal, the Board noted the following features:

- (a) the inter-connectivity between the various buildings would enable one common entrance to be used, with the consequent improvement in overall security and associated cost savings
- (b) the preservation of commercial activity at street level
- (c) the provision of much-needed office space
- (d) the consolidation of College activity in the Foster Place/College Green area

The Bursar advised Board that in order to fund the proposed development the Board would have to give serious consideration to selling some of the College's peripheral properties which are not used for academic activities.

Following clarification of a number of technical issues by the Director of Buildings, the Board, noting that there would be a full discussion on the proposal at its next meeting, agreed that Treasury Holdings Ltd should proceed with their application for planning permission for the proposed works with no commitment from the College.

3/44 Acta of the University Council

- (a) The Board confirmed Acta of the University Council from its meeting of 9 October 2002 subject to further comment covering the following: 2/A, 2/D, 2/E, 3/A, 4/A, 6/C.

John Anthony McGuckin, BD (Lond), MA. (Ed) (S'ton),
PhD (Dunelm), PGCE (N'cle)

3/52 Panel of Enquiry The Secretary invited Board's attention to the report from Chairman of the College's Panel of Enquiry held on 26 and 27 September 2002 to hear a case in respect of alleged misconduct by a named student, and to his memorandum dated 15 October 2002, both of which had been circulated. The Board, noting their duties as prescribed in Chapter XII, Schedule II, Section 42 of the Statutes, and in response to the Chairman's request that members of the Board have regard to the transcript of the Panel's hearing, delegated four Board members to read the transcript in full and to report back to Board on (a) whether the Chairman's report was a true and fair reflection of the proceedings and (b) their views on the Panel's findings. The Board agreed that the reports of the four members would be considered at a special Board meeting on 6 November 2002, at which the Board would make its decision in accordance with the Statutes.

The Board, noting that the Chairman of the Panel had indicated his intention to resign from this position, recorded its appreciation for his very significant contribution to the College in this regard over a long period.

The Board also recorded its thanks to the members of the Panel for their time and commitment to this case and, appreciating the difficulty of the case, noted that College support services had been made available to any members of the Panel who had required them.

3/ 53 Disciplinary Matter Under Other Business the Senior Dean, present by invitation, advised Board of an on-going disciplinary matter concerning a named member of staff, and in accordance with Chapter XII, Schedule III, Section 12 of the Statutes, the Board approved a number of actions recommended by the Senior Dean, noting that it is his intention to refer the matter to the College's Disciplinary Panel.
