

EN 11007: Pulp: Introduction to Popular Fiction

Hilary 2024

(5ECTS)

Co-ordinator: Dr Bernice M. Murphy (murphb12@tcd.ie)

This course explores the growth and development of Popular Literature from the Victorian era up to the present day. Students will be introduced to key themes and theories of the popular as well as texts and contexts from a wide range of popular genres: crime fiction, fantasy, horror, science fiction, romance, and the newly emerged category of ‘Domestic Noir’ amongst them. Each text will be situated within the context of its genre as well as the historical/social context of the time at which it was written. Students will be encouraged to think about ideas of “popularity” and “canonicity” and to interrogate the reasons why certain texts and genres dominate the bestseller lists and the popular imagination at different times.
