

Trinity College Dublin Geoscience Alumni Afternoon (2024)

18 October, 2024, 14.00-17.00

M4 Lecture Theatre

Ground Floor, Museum Building

Background:

Geoscience is the wonderful study of our Earth. Mapping continents, understanding volcanoes, monitoring rivers, mining resources, tracking climate change ... this is what we do.

Trinity has a lengthy and wonderful history in Geoscience, especially including our graduates, many who work in a wide range of Geoscience careers. We again celebrate our collective success, welcome our alumni, and share our careers in the Fall of 2024.

Programme (2024):

14.00 – 15.15 Presentations from recent TCD Geology graduates

-- Tommie Tormey,

-- Liam Fahy

-- Simon Kelly

15.15 - 16.15 Niall McCormack, Allimore and Causeway Technologies

"A career defined by systems, from the petroleum system to the mineral system and how systems helped me build my career"

16.15 - 17.00 Reception
