Key Facts

Duration of the course	4.5 years
Apply	www.cao.ie
CAO Code	TR911 Children's and General Nursing - Level 8
Awarding Body	The University of Dublin

Introduction to Children's and General Nursing:

Upon successful completion of this course, students will be awarded a B.Sc. (Cur.) Children's and General Nursing from the University of Dublin. They will be also eligible to apply for entry onto both the Children's and General divisions of the Register of Nurses and Midwives maintained by the Nursing and Midwifery Board of Ireland (NMBI). This course consists of theory and practice in both the care of children and their families, adults and the older person. Undertaking this course will equip you to meet the age related needs of clients across the life span in both health and illness. Students will obtain core knowledge and transferable skills relevant to the various age related groups within the current health services.

Venues for learning:

Theory: School of Nursing and Midwifery, D'Olier Street; Trinity Centre for Health Sciences, St James's Hospital; main campus of Trinity College.

Practice: The linked Health Service Provider is Tallaght University Hospital and most practice placements will occur on this site. During their internship students will be employees of linked children's and adult services.

The application process:

All applications for this course must go through the Central Applications Office (CAO).

Career opportunities:

This course is an excellent basis for career advancement in the areas of children's and general nursing and further health related or social care studies. The B.Sc. (Cur.) Children's and General Nursing course facilitates learning across wide and varied experiences and promotes flexibility for employment within and outside of the health service.

Why choose Nursing or Midwifery at Trinity College?
