Things to consider before applying?

As a first step in applying to go on exchange, it's important to think about what an exchange involves – going to new places, seeing a new university and discovering new styles of learning.

What else to consider:

- How you plan to meet the **cost** involved in going away?

- What is the **academic planning** involved in meeting your course requirements when overseas.

Please note that students cannot go on non-approved programmes for Study Abroad.

Costs

No additional fees- tuition fees are paid to Trinity as normal

Consider- the cost of living in your chosen destination

Academic Planning

Credit Requirements

You must pass **45 credits (22.5 per semester)** in Computer Science related modules to progress to 4th year

Joint honors- **45 credits (20 per semester)**

Module Choices

- Do they meet prerequisites for 4th year?

- Must be approved by your academic coordinator

Academic Planning

You must pass 45 credits in Computer Science related modules to progress to 4th year

Remember your Grade will count towards your final degree

Information on Grade and Credit conversion can be found here.

Eligibility

"To be eligible for either an Erasmus/EU exchange or another non-EU, international exchange, **you must achieve an overall II.1 standard** in your first attempt at assessments in the year prior to making an application to study abroad.

If you are intending to study abroad in the Junior Sophister year and will apply during your Senior Freshman year, this means that **you must have achieved an overall II.1 standard** at your first attempt at Junior Freshman assessments."

Learning Agreements

This is a document completed **after** arrival at your exchange University

It describes what topics you are **actually** doing.

It needs to be ratified by an exchange coordinator at the host

We countersign this back here.

Important: this is a key check to ensure that you do the right courses!
