When emailing your tutor, please include all relevant details needed by your tutor to identify you (name, student ID, course code or programme, etc.). When contacting your tutor about a specific module, please include the module name and code and the lecturer's name, surname and email address.

You will find the name and email address of your tutor on your student record in SITS. If, for some reason, you cannot contact your tutor, you should contact the Senior Tutor's Office. They can be reached at <https://www.tcd.ie/seniortutor>.

to events. They will also provide useful information about your course and what to look out for. Mentors are students who have been through the first year and know exactly what it feels like. S2S also offers trained Peer Supporters if you want to talk confidentially to another student, or just to meet a friendly face for coffee and a chat. S2S is supported by the Senior Tutor's Office and the Student Counselling Service. See <https://student2student.tcd.ie> for further information.

Trinity has adopted a [Reasonable Accommodation Policy](#) that outlines how supports are implemented in Trinity. Student seeking reasonable accommodation whilst studying in Trinity must [apply for reasonable accommodations](#) with the Disability Service in their student portal my.tcd.ie.

Based on appropriate evidence of a disability and information obtained from the student on the impact of their disability and their academic course requirements, the Disability Staff member will identify supports designed to meet the student's disability support needs. Following the [Needs Assessment](#), the student's Disability Officer prepares an [Individual Learning Educational Needs Summary \(LENS\)](#) detailing the Reasonable Accommodations to be implemented. The information outlined in the LENS is communicated to the relevant School via the student record in SITS.

Examination accommodation and deadlines:

Students should make requests as early as possible in the academic year. To ensure the Assessment, Progression and Graduation Team can set your accommodations for examination purposes the following deadlines are applied:

- Semester 1 assessments and Foundation Scholarship assessment: the last Friday of October annually.
- Semester 2 assessments: the last Friday of February annually.
- Reassessments: the last Friday of June annually.

For exact dates please contact askds@tcd.ie

Student responsibilities for departmental assessments/course tests:

Students are required to initiate contact with the School/Department and request reasonable accommodations as per their LENS report, or email received following their needs assessment for particular assessments for School/ Department administered assessment. Students are advised to make contact at least two weeks prior to the assessment date to enable adjustments to be implemented.

Please note: no reasonable accommodation can be provided outside the procedures outlined in the Trinity Reasonable Accommodation Policy. For further information please visit: <https://www.tcd.ie/disability/current/how-reasonable-accommodations-work-in-trinity/>

4. Academic Writing

4.1 Academic Integrity & Referencing

4.1.1 Plagiarism & Referencing Guide

If you copy another student's essay, engage someone to write your work, quote material from any published or electronic source without acknowledgement, or extensively paraphrase such material without acknowledgement, you have committed the offence of plagiarism. A mark of zero may be awarded. The College's definition of plagiarism and specification of its consequences can be viewed on the Trinity website: <https://libguides.tcd.ie/academic-integrity>.

These webpages are designed to help you to understand what plagiarism is and to employ the principles of academic integrity so as to avoid plagiarising. They also set out the regulations in Trinity relating to plagiarism offences and how they are dealt with.

The College Calendar defines plagiarism, gives examples of the kinds of actions that are deemed to constitute plagiarism, and elaborates on the procedures for dealing with plagiarism cases. It is essential that you read the Calendar entry that is relevant to you as a postgraduate student. The webpages also contain materials and advice on citation styles which are used to reference properly. You should familiarise yourself with the content of these pages. For further information please visit: <https://libguides.tcd.ie/academic-integrity>

All students must complete our Ready Steady Write plagiarism tutorial and sign a declaration when submitting course work, whether in hard or soft copy or via Blackboard, confirming that you understand what plagiarism is and have completed the tutorial. If you read the information on plagiarism, complete the tutorial and still have difficulty understanding what plagiarism is and how to avoid it, please seek advice from your Course Director, your supervisor, or from Student Learning Development. To access this tutorial please visit: libguides.tcd.ie/academic-integrity/ready-steady-write.

Aligned with the **College Statement on Artificial Intelligence and Generative AI in Teaching, Learning, Assessment & Research (2024)**, the use of GenAI is permitted unless otherwise stated. Where the output of GenAI is used in a document or work output, this usage should be acknowledged and appropriately cited, as per [Library guidelines on acknowledging and reference GenAI](#).

Please check the relevant syllabus/module description on Blackboard for details of any restrictions on specific modules.

4.1.2 Plagiarism Declaration

Each coversheet that is attached to submitted work should contain the following completed declaration:

"I have read, and I understand the plagiarism provisions in the General Regulations of the University Calendar for the current year. I have also completed the Online Tutorial on avoiding plagiarism 'Ready Steady Write'.

Please refer to your relevant School/ Department for the format of essay submission coversheets.

4.1.3 School of Social Sciences & Philosophy Plagiarism Policy

If plagiarism, as referred to in the Calendar (<https://www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf>) is suspected, the lecturer informs their HoD and Director of Teaching and Learning (Undergraduate) (DUTL). The DUTL, or their designate, will write to the student, and the student's tutor advising them of the concerns raised. The student and tutor (or representative from the Students' Union) will be invited to attend an informal meeting with the DUTL, or their designate, and the lecturer concerned, in order to put their suspicions to the student and give the student the opportunity to respond. The student will be requested to respond in writing stating his/her agreement to attend such a meeting and confirming on which of the suggested dates and times it will be possible for them to attend. If the student does not agree to attend such a meeting, the DUTL, or designate, may refer the case directly to the Junior Dean, who will interview the student and may implement the procedures as referred to under conduct and college regulations.

If the DUTL, or designate, forms the view that plagiarism has taken place, he/she must decide if the offence can be dealt with under the summary procedure set out below. In order for this summary procedure to be followed, all parties attending the informal meeting above must state their agreement in writing to the DUTL or designate.

If the offence can be dealt with under the summary procedure, the DUTL, or designate, will recommend one of the following penalties:

Level 1: Student receives an informal verbal warning. The piece of work in question is inadmissible. The student is required to rephrase and correctly reference all plagiarised elements. Other content should not be altered. The resubmitted work will be assessed and marked without penalty. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

Level 2: Student receives a formal written warning. The piece of work in question is inadmissible. The student is required to rephrase and correctly reference all plagiarised elements. Other content should not be altered. The resubmitted work will receive a reduced or capped mark depending on the seriousness/extent of plagiarism. In the case of a Level 2 offence, the Senior Lecturer must be notified and requested to approve the recommended penalty. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

Level 3: Student receives a formal written warning. The piece of work in question is inadmissible. There is no opportunity for resubmission, with corrections. Instead, the student is required to submit a new piece of work as a reassessment during the next available session. Provided the work is of a passing standard, both the assessment mark and the overall module mark will be capped at the pass mark. Discretion lies with the Senior Lecturer in cases where

there is no standard opportunity for a supplemental assessment under applicable course regulations. In the case of a Level 3 offence, the Senior Lecturer must be notified and requested to approve the recommended penalty. The Senior Lecturer will inform the Junior Dean accordingly. The Junior Dean may nevertheless implement the procedures as referred to under conduct and college regulations. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

Level 4: If the case cannot normally be dealt with under the summary procedures, it is deemed to be a Level 4 offence and will be referred directly to the Junior Dean. Nothing provided for under the summary procedure diminishes or prejudices the disciplinary powers of the Junior Dean under the 2010 Consolidated Statutes.

4.1.4 Procedures regarding Dignity & Respect Matters

The School of Social Sciences and Philosophy is committed to fostering a learning environment that upholds principles of equality, diversity, and inclusion. We strive to ensure that all students and staff can pursue their academic and professional goals without fear of discrimination, harassment, bullying, or any form of mistreatment.

Recognizing the adverse impact harassment can have on individuals' performance, morale, confidence, health, and learning, the School seeks to create a culture where such behavior is unequivocally condemned. Our goal is to encourage an atmosphere in which individuals can address harassment concerns without fear of ridicule or retaliation.

[Trinity Dignity and Respect Policy](#) sets out the College's key principles and procedures for addressing matters related to negative treatment, including discrimination, bullying, and any form of harassment. [TCD Sexual Misconduct Policy](#) establishes the principles, approach, and procedures on the subject of sexual harassment or sexual assault and outlines the resources and support available to both students and staff when facing issues related to sexual harassment.

Should any student encounter issues related to dignity and respect, as outlined above, we strongly urge them to immediately reach out for support from the designated contact person, who will provide guidance and support in accordance with the Dignity and Respect Policy:

Student's Tutor

School Director of Teaching and Learning (Undergraduate) Dr Dino Hadzic | dhadzic@tcd.ie

4.2 Research Ethics

European Credit Transfer Systems (ECTS)

The European Credit Transfer and Accumulation System (ECTS) is an academic credit system based on the estimated student workload required to achieve the objectives of a module or programme of study. It is designed to enable academic recognition for periods of study, to facilitate student mobility and credit accumulation and transfer. The ECTS is the recommended credit system for higher education in Ireland and across the European Higher Education Area. The ECTS weighting for a module is a measure of the student input or workload required for that module, based on factors such as the number of contact hours, the number and length of written or verbally presented assessment exercises, class preparation and private study time, laboratory classes, examinations, clinical attendance, professional training placements, and so on as appropriate. The European norm for fulltime study over one academic year is 60 credits. 1 credit represents 20-25 hours estimated student input, so a 10-credit module will be designed to require 200-250 hours of student input including class contact time, assessments and examinations. ECTS credits are awarded to a student only upon successful completion of the programme year. Progression from one year to the next is determined by the programme regulations. Students who fail a year of their programme will not obtain credit for that year even if they have passed certain component. Exceptions to this rule are one-year and part-year visiting students, who are awarded credit for individual modules successfully completed.

Trinity Electives/Open Modules

If taking Open Modules and/or Trinity Electives in SF year, students take 20 ECTS, choosing either:

- 10 ECTS from the list of Open Modules and 10 ECTS of Trinity Electives **or**
- 20 ECTS from the list of Open Modules

If taking Open Modules and/or Trinity Electives in JS year, students take 10 ECTS, choosing either:

- 5 ECTS from the list of Open Modules and 5 ECTS of Trinity Electives **or**
- 10 ECTS from the list of Open Modules and 10 ECTS of Trinity Electives.

5.3 Learning Outcomes

Having successfully completed this programme, students should be able to:

- Identify, critically evaluate and synthesise the substantive theories, frameworks, and models, both qualitative and quantitative, that are used in both fields of enquiry;
- Analyse and solve a variety of problems in the private and public sector from a multi-disciplinary knowledge basis of theories and frameworks in both disciplines;
- Communicate effectively in oral and written modes in professional and academic settings;
- Use appropriate ICT tools in analysing and addressing problems;
- Work effectively as an individual and in teams in multi-disciplinary settings;
- Demonstrate flexibility, adaptability, and independence in order to engage productively with a changing social, cultural and technological environment;
- Engage the pursuit of knowledge in greater depth and over time in support of lifelong learning, either as a practitioner or an academic, in both of your chosen fields.

5.4 Module Descriptors & Compulsory Reading Lists

The School reserves the right to amend the list of available modules and, in particular to withdraw and add modules. Timetabling may restrict the availability of modules to individual students.

Module descriptors and timetables will be available on the Departmental website shortly before the start of each term: <https://www.tcd.ie/sociology/undergraduate/>

5.5 Registration

It is your responsibility to ensure that you:

- take modules amounting to 60 ECTS during an academic year;
- that your selected modules meet the programme requirements;
- and that you meet the pre-requisites for your chosen modules.

This handbook outlines your module requirements for each year and gives details of module pre-requisites and programme requirements. Some of the modules may be core (you have to take them) and others are optional/approved. Bear in mind that lecturers will not be able to make special arrangements for you if you turn up to lectures for the first time in week two: if you have doubts, attend all modules you are thinking about for the first week.

Module choices will be made online and you will receive instructions on your portal. It is vital that you register correctly for your modules so that you will be included on examination lists.

Students in Years 1, 2 and 3 will be invited during the Trinity term to register their preferences for Years 2, 3 and 4 of their course, including Trinity Electives and Open Modules if applicable.

Students will be advised of how they will do this and where they will find relevant module information several weeks before they are invited to register.

5.5.1 Module Choices -- Change of Mind

Students who wish to change their module options must email sociology.undergrad@tcd.ie before the **end of the 1st week of teaching for MT, and before the end of 1st week of teaching for HT**. Students should note that module changes will be subject to availability of places and timetable constraints. You must be aware that if you have a timetable clash, you may not be able to take your preferred module choice.

5.6 Capstone Project

Every student at Trinity will do a Capstone Project or equivalent as part of their undergraduate programme.

The Capstone Project is the common element across all degree exit routes and is weighted at 20 ECTS. It requires a significant level of independent research by the student. It is an integrative exercise that allows students to showcase skills and knowledge which they have developed across a range of subject areas and across their four years of study. It should result in the production of a significant piece of original work by the student. It should provide them with the opportunity to demonstrate their attainment of the graduate attributes. For more information on Capstone please visit:

<https://www.tcd.ie/teachinglearning/ug-regulations/Capstone.php>

Students should note that Introduction to Social Research 1 (SOU22011) and Social Research 2 (SOU22012), Social Theory 1 (SOU22061) and Social Theory 2 (SOU22062), and Researching Society 1 (SOU33011) and Researching Society 2 (SOU33012) are pre-requisites modules for undertaking a Capstone in Sociology so students should be cognizant of this when making module choices.

5.7 Marking Scale

The Institutional marking scale can be referenced in the [Calendar, Part II, General Regulations & Information, Section II, Item 30.](#)

School of Social Sciences & Philosophy Marking Scale

First Class Honours | 70-100

First class honours in the School of Social Sciences and Philosophy is divided into grade bands which represent **excellent**, **outstanding**, and **extraordinary** performances.

A first-class answer demonstrates a comprehensive and accurate answer to the question, which exhibits a detailed knowledge of the relevant material as well as a broad base of knowledge. Theory and evidence will be well integrated and the selection of sources, ideas, methods or techniques will be well judged and appropriately organised to address the relevant issue or problem. It will demonstrate a high level of ability to evaluate and integrate information and ideas, to deal with knowledge in a critical way, and to reason and argue in a logical way.

70-78 EXCELLENT

First class answers (excellent) demonstrate a number of the following criteria:

- comprehensiveness and accuracy;
- clarity of argument and quality of expression;
- excellent structure and organization;
- integration of a range of relevant materials;
- evidence of wide reading;
- critical evaluation;
- lacks errors of any significant kind;
- shows some original connections of concepts and theories;
- contains reasoned argument and comes to a logical conclusion.

This answer does not demonstrate outstanding performance in terms of independence and originality.

79-84 OUTSTANDING

In addition to the above criteria, an outstanding answer will show frequent original treatment of material. Work at this level shows independence of judgement, exhibits sound critical thinking. It will frequently demonstrate characteristics such as imagination, originality, and creativity. This answer does not demonstrate exceptional performance in terms of insight and contribution to new knowledge.

85-100 EXTRAORDINARY

This answer is of a standard far in excess of what is expected of an undergraduate student. It will show frequent originality of thought, a sophisticated insight into the subject and make new connections between pieces of evidence beyond those presented in lectures. It demonstrates an ability to apply learning to new situations and to solve problems.

What differentiates a first class piece of work from one awarded an upper second is a greater lucidity, a greater independence of judgement, a greater depth of insight and degree of originality, more evidence of an ability to integrate material, and evidence of a greater breadth of reading and research.

----- o -----

Second Class, First Division II.1 60-69

An upper second class answer generally shows a sound understanding of both the basic principles and relevant details, supported by examples, which are demonstrably well understood, and which are presented in a coherent and logical fashion. The answer should be well presented, display some analytical ability and contain no major errors of omissions. Not necessarily excellent in any area.

Upper second class answers cover a wider band of students. Such answers are clearly highly competent and typically possess the following qualities:

- accurate and well-informed;
- comprehensive;
- well-organised and structured;
- evidence of reading;
- a sound grasp of basic principles;
- understanding of the relevant details;
- succinct and cogent presentation; and
- evaluation of material although these evaluations may be derivative.

One essential aspect of an upper second-class answer is that it must have completely dealt with the question asked by the examiner. In questions:

- all the major issues and most of the minor issues must have been identified;
- the application of basic principles must be accurate and comprehensive; and
- there should be a conclusion that weighs up the pros and cons of the arguments.

----- o -----

Second Class, Second Division II.2 50-59

A substantially correct answer which shows an understanding of the basic principles.
Lower second class answers display an acceptable level of competence, as indicated by the following qualities:

- generally accurate;
- an adequate answer to the question based largely on textbooks and lecture notes;
- clearly presentation; and
- no real development of arguments.

Third Class Honours III 40-49

A basic understanding of the main issues if not necessarily coherently or correctly presented.

Third class answers demonstrate some knowledge of understanding of the general area but a third-class answer tends to be weak in the following ways:

- descriptive only;
- does not answer the question directly;
- misses key points of information and interpretation
- contains serious inaccuracies;
- sparse coverage of material; and
- assertions not supported by argument or evidence.

Fail F1 30-39

Answers in the range usually contain some appropriate material (poorly organised) and some evidence that the student has attended lectures and done a bare minimum of reading. The characteristics of a fail grade include:

- misunderstanding of basic material;
- failure to answer the question set;
- totally inadequate information; and
- incoherent presentation.

Bad Fail F2 0-29

Answers in this range contain virtually no appropriate material and an inadequate understanding of basic concepts.

5.8 Coursework & Attendance Requirements

You are required to attend classes and submit assessment work in all modules. A student may be deemed non-satisfactory in a term when more than a third of required work/attendance in that term is missed. Any student who is deemed non-satisfactory in each of the two terms may, in accordance with the regulations laid down by the University Council, be refused permission to take examinations in that year.

To be allowed to sit the ordinary examinations you must have paid the relevant College annual fees and must be in good standing. There is no examination fee payable. There is no notice required of intention to take an examination. (The Scholarship examination is an exception to this.)

5.9 Examinations

For links and information regarding examinations, please go to the [Academic Registry](#) website. There are a number of links available on this page which you may find helpful.

College General Regulations and information are available in the [College Calendar](#).

5.9.1 Registering Modules & Sitting Examinations

You must register your final module choices through your my.tcd portal before the start of teaching term in order to appear on module listings for examination purposes. You are required to take examinations of all modules for which you are registered unless specially exempted by permission from the Senior Lecturer.

5.9.2 Absence from Examinations

Students who may be prevented from sitting an examination or examinations (or any part thereof) due to illness should seek, through their tutor, permission from the Senior Lecturer in advance of the examination session to defer the examination/s to the reassessment session. Students who have commenced the examination session and are prevented from completing the session due to illness should seek, through their tutor, permission from the Senior Lecturer to defer the outstanding examination/s to the reassessment session.

Where such permission is sought, it must be appropriately evidenced:

- For illness: medical certificates must state that the student is unfit to sit examinations/complete assessment and specify the date(s) of the illness and the dates on which the student is not fit to sit examinations/complete assessment. Medical certificates must be submitted to the student's tutor within three days of the beginning of the period of absence from the assessment/examination.

- For other grave cause: appropriate evidence must be submitted to the student's tutor within three days of the beginning of the period of absence from the assessment/examination.

Where illness occurs during the writing of an examination paper, it should be reported immediately to the chief invigilator. The student will then be escorted to the College Health Centre. Every effort will be made to assist the student to complete the writing of the examination paper.

Where an examination/assessment has been completed, retrospective withdrawal will not be granted by the Senior Lecturer nor will medical certificates be accepted in explanation for poor performance.

If protracted illness prevents students from taking the prescribed assessment components, so that they cannot rise into the next class, they may withdraw from College for a period of convalescence, provided that appropriate medical certificates are submitted to the Senior Lecturer. If they return to College in the succeeding academic year they must normally register for the year in full in order to fulfil the requirements of their class. Where appropriate please see the regulations governing fitness to practice.

Where the effects of a disability prevent a student from taking the prescribed assessment components, so that they cannot rise into the next class, the Senior Lecturer may permit the student to withdraw from College for a period of time provided that appropriate evidence has been submitted to the Disability Service. If they return to College in the succeeding academic year they must normally register for the year in full in order to fulfil the requirements of their class.

The nature of non-standard examination accommodations, and their appropriateness for individual students, will be approved by the Senior Lecturer in line with the Council-approved policy on reasonable accommodations. Any reports provided by the College's Disability Service, Health Service or Student Counselling Service will be strictly confidential.

5.9.3 Reassessment Examinations

Students take the reassessment examination if they have an excused absence from all or part of the annual examination. The papers to be taken at the reassessment session are determined by the following rules (which are designed to minimize the chances of failure and the associated need to repeat the year and/or be excluded):

- Any paper(s) not taken at the annual examination for excused reasons must be taken at the reassessment session.
- A grade of F2 in any paper taken at the annual examination implies that paper must be taken at the reassessment session as reassessment examination.

- When a paper at the reassessment examination is being taken as a first attempt because of excused absence from the annual examination, work done during the year for which credit would normally be given will be taken into account as if it were the annual examination. Papers being repeated because of failure at the annual examination will include no credit for the work done during the year.

Any assignment or coursework due to be submitted at the reassessment session (regardless of the reason e.g. permission to defer, etc.) must be submitted by the deadline set by the lecturer and by the start of the reassessment exam session at the latest. Coursework or assignments submitted after this date will not be accepted or marked.

5.11 Progression Regulations

For information on College progression regulations, please visit the College Calendar at: <https://www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf>

5.11.1 Publication of Results

Publication of results takes place on dates as specified and agreed by the Programme Committee and are advised under 'Key Dates' of the Handbook. Students are emailed the date of publication of results. Results are also published to your Student Portal my.tcd.ie.

The following terms apply:

- Any student who fails to receive his/her result and whose result is not on the notice board/my.tcd.ie should contact his/her tutor immediately.
- In no circumstances will results be given over the telephone.
- Students have a right to discuss examination scripts privately with the individual examiners. A student who wishes to do so should consult the appropriate examiners, (via email) within a reasonable time after the results have been announced, in order to schedule a meeting.
- Students wishing to an appeal against a result should consult their College tutors after they have seen the examiner(s). Such action must be taken immediately after the results are published.
- Examination scripts are held by examiners, or departmental offices, for a period of 13 months. This period of 13 months begins on the day of the publication of the relevant examination results. Scripts cannot be released to students, but students may view their own scripts in the presence of the relevant examiner.

5.11.2 Re-Checks

You are entitled to discuss your performance with examiners after your results have been published. Having discussed your performance with the examiner(s) and ascertained that the mark in question was correctly calculated, you may ask that their results be re-considered if they have reason to believe:

- a) That the examination paper contained questions on modules which were not part of the module prescribed for the examination,
or
- b) That bias was shown by an examiner in marking the script.

Through your tutor, you may appeal to the Senior Lecturer. In submitting your case, you should state under which of (a) or (b) above the request is being made. If a mark is revised, the Director of the Single Honors Philosophy programme will be notified of the mark change by the relevant Director of Undergraduate Teaching and Learning of the School. The Director will, by reference to the Single Honors Philosophy Programme conventions, and with the permission of the Senior Lecturer, amend the relevant module result(s) and overall grade as appropriate.

5.11.3 Compensation

For compensation regulations please see the [College Calendar](#).

5.11.4 Appeals

You may appeal a decision of the Court of Examiners. The grounds for appeal must fall under *one or more* of the following categories:

- i. the case of the appellant is not adequately covered by the ordinary regulations of the College,
- ii. the regulations of the College were not properly applied in the appellant's care,
and/or
- iii. the appeal is *ad misericordiam*.

Appeals in the first instance must be made to the Dean of the Faculty of Arts, Humanities, & Social Sciences.

As the Appeal Committee meets to hear these appeals within one week of the publication of results, it is imperative that students, or authorized and adequately briefed deputies, are present to obtain and consider results as soon as they become available.

Appeals should be made via electronic form by a student's tutor or, if the tutor is unavailable to act, by the Senior Tutor.

5.11.5 Transcripts

Transcripts request may be made by emailing sociology.undergrad@tcd.ie. Please quote your student number, course and year when requesting a transcript.

Transcripts will include the set of grades that permit students to rise with their year and the set of grades that forms the basis of the award of the degree. The transcript will make explicit whether or not one or two sittings were required (however supplemental in a paper for which there was a deferral permitted from the annual session is not considered a separate sitting and whether or not a year is repeated. The grades achieved on the second sitting will be clearly indicated. Where more than one sitting was required an overall grade will always be recorded as a Pass/Fail.

The Scholarship Examination is an exception to the above. The examination will not be reflected on the student transcript unless the student has obtained Scholarship, in which case such information, if requested, shall appear (by way of asterisk and explanation) below the grades for Senior Fresh year.

Transcripts are never issued to a third party, such as a parent or prospective employer without the consent of the person named on the transcript.

5.11.6 Off-Book Regulations

The Senior Lecturer may permit students who are in good standing to go 'off-books'. This may be for personal reasons or on medical grounds where to do so would be in the best interests of the student. 'Off-Books' students can be re-admitted to the College in a subsequent year only at the discretion of the Senior Lecturer. 'Off-Books' students suffering from ill-health who have allowed their names to go off the books can only be readmitted, even in the current academic year, at the discretion of the Senior Lecturer who may require a satisfactory certificate from a nominated medical referee. For further information please revert to the [College Calendar](#).

5.11.7 Repeat Years

Students are not permitted to repeat a year more than once or repeat more than two separate years.

5.12 Awards

Depending on student choices made within their programme of study and available pathways, it may be possible to be conferred with a Bachelor in Arts (Moderatorship) award in one of the following categories: Joint Honours, Single Honours, or Major with Minor.

For further information on how the overall grade is calculated, please visit the [College Calendar](#).

5.13 Graduate Attributes

The Trinity Graduate Attributes represent the qualities, skills, and behaviours that you will have the opportunity to develop as a Trinity student over your entire university experience, in other words, not only in the classroom, but also through engagement in co- and extracurricular activities (such as summer work placements, internships, or volunteering).

The four Trinity Graduate Attributes are:

- To Think Independently
- To Act Responsibly
- To Develop Continuously
- To Communicate Effectively

Why are the Graduate Attributes important?

The Trinity Graduate Attributes will enhance your personal, professional and intellectual development. They will also help to prepare you for lifelong learning and for the challenges of living and working in an increasingly complex and changing world. The Graduate Attributes will enhance your employability. Whilst your degree remains fundamental, also being able to demonstrate these Graduate Attributes will help you to differentiate yourself as they encapsulate the kinds of transversal skills and abilities, which employers are looking for.

How will I develop these Graduate Attributes?

Many of the Graduate Attributes are 'slow learned', in other words, you will develop them over the four or five years of your programme of study. They are embedded in the curriculum and in assessments, for example, giving presentations and engaging in group work.

You will also develop them through the co-curricular and extra-curricular activities. If you help to run a club or society you will be improving your leadership skills, or if you play a sport, you are building your communication and team-work skills.

5.14 Student Feedback & Evaluation

Evaluation of courses and their constituent modules is an important component of the College's commitment towards improving the quality of teaching and the support of learning. To this end, all modules that are taught by the School of Social Sciences and Philosophy are evaluated on a twice-yearly basis using an online survey. The survey is anonymous, and the results are used in reviewing and improving aspects of each module and its delivery. We particularly want to hear what students think was good about a module and what needs to be improved. Student feedback forms an important part of the evaluation and review process.

All results for each survey are collated and made available to the lecturer who taught the module, the Head of Department, the Head of School, the School's Director of Teaching and Learning (UG/PG), and the School Manager. Teaching Assistants receive their feedback through communication with the course lecturer.

Studies have shown that there is some gender bias in student evaluations of teaching – namely that female lecturers tend to receive more negative evaluations than their male counterparts. We ask you to bear this in mind when making your evaluations.
